

HANCOCK

WRESTLERS ARRIVE HERE
FOR WRESTLING TOURNEY

Participants in the Big Tournament Begin to Flock in for Matches to Take Place at the Kerredge Theater This Evening and Tomorrow Night—Will be Biggest Ever Held Here.

Wrestlers from all parts of the country are flocking into Hancock to participate in the big two days' tournament that will open this evening at the Kerredge theater. Of the notables, Hietakangas from Connecticut, Ohio, struck town yesterday, and Rowett, Harrington and others are expected today or tomorrow. The affair has been extensively advertised, and the entries that have been received assure one of the biggest and most successful wrestling tournaments ever pulled off in this city.

Entries are being received up to today, and the names announced are those of men well known to the sporting fraternity as high class men in their line of athletics. They include Karl Lehto of the South Range, Germany; Schulze of Butte, Mont.; Randall of DeKalb, Ill.; A. Lindroos of Wyoming; J. Hill of Ontonagon, G. Gronlund of South Range, Jack Rowett of Bessemer, A. Wirtanen of Hancock, Korhonen of Port Arthur, Hyttinen of Chicago, Tim Harrington the Cornish wrestler, Peter Harrington of Calumet, Patrick Nelson of Calumet, Ed Aho of Ironwood and Fred Bay of Port Arthur.

Mayor W. Frank James has been appointed and will serve as one of the judges, and the stickers will be Walfrid Hendrickson of Hancock, Ole Oleson of Calumet, and George Brown of Calumet.

A special train will be run over the Copper Range tonight and tomorrow evening for the benefit of those attending from South Range, Mass City and Ontonagon, while special street car service will be provided by the Houghton County Street Car company for Calumet patrons.

The star event of the tournament is expected to be that between Karl Lehto and Germany Schultz, the latter being champion of Butte. Lehto is a prime favorite in the copper country, having participated in a number of recent events, and he has won most of his contests. He has spent the past couple of months in training and is now in prime condition. A considerable amount of money has been placed on the Finnish giant by his copper country compatriots, who feel sure he will be victorious. Most of the other wrestlers entered have good records. Rowett holds championship honors in Cornish wrestling; Hyttinen was formerly the amateur champion of Chicago, but has lately gone in for professional work, and Lindroos of Wyoming has a good record.

The seats for the tournament are on sale at the Kerredge hardware store and the indications are that this opportunity to witness two evenings of first class catch-as-catch-can wrestling will be welcomed by the sporting public of the copper country.

SOCCER FOOTBALL TEAM.

A meeting of all those interested in the organization of a soccer football team for Calumet, will be held at the Calumet Y. M. C. A. at 7:30 o'clock this evening for the purpose of perfecting the organization of a team. Officers will be elected and other details will be taken up. The Y. M. C. A. soccer football team will play a match game with the Mohawk team in the Calumet Y. M. C. A. park, on Saturday afternoon. It is expected that the contest will be one of exceptional interest.

MINING x gahofyod 123456 6 YUMA COPPER CO.

The Yuma Copper Co. now has ore in both veins. At a depth of 80 feet No. 2 vein encountered a tongue of eruptive from the main dyke, but this was penetrated at six feet, picking up the ore body, vein entering massive crystalline limestone 14 feet thick and again breaking into the ore, which shows about 7 per cent copper, with a considerable body of decidedly promising appearance and showing some specks of chalcocite in the carbonate, indicating that the sulphide zone should not be very much deeper. Samples of ore from the paystreak assayed 8.7 per cent copper.

The card party given Wednesday evening in the Rouleau hall by the Eagles indoor baseball team was very successful, the games being participated in by a large number of persons. The proceeds will be applied to meeting the expenses of the baseball team this winter.

Use Dr. Taylor's Antiseptic Skin Soap.

CHALLENGE

We challenge anyone to produce a case of Eczema or other Skin Disease that Dr. Taylor's Eczema Remedy will not cure.

Penn. Railroad Man Cured of Eczema of 8 Years' Standing in One Month.

February 8, 1906.
Gentlemen:—For the past eight years I have suffered from the worst form of Eczema on body and legs. It cost me on an average of \$50 a year for doctor's bills and medicines, without results. When I commenced using Dr. Taylor's Remedy, on January 5, my legs were one mass of ulcers. Today, the 3d of February, I am entirely cured.

ANOTHER SERIES OF GAMES
IN INDOOR BALL LEAGUE

This evening the second night's games in the Fraternal league indoor baseball schedule will be pulled off in the Germania hall, the competing teams being the Elks and the Foresters and the Eagles and Hibernians. The Elks will have their crack battery, Ross and Montgomery, in action, and this year the antlered aggregation has a team that is expected to go some. The Foresters have a strong bunch, but have withheld the announcement of their lineup until the time for the games. The Eagles have also been a little shy about giving out their list of players, but it is expected to be nearly the same as last year, with Richards and Mutter at the battery. With Mutter behind the plate it is believed the team will be greatly strengthened. The Hibernians have started the season auspiciously and their supporters are backing them to retain the championship so signally won last winter. The attendance at the opening games was good and is expected to increase in numbers after the teams get into good working order and the race grows more exciting. The Company G team, by their overwhelming defeat of the naval reserves on Tuesday night, demonstrated that they will have to be counted in when it comes to doping out championship prospects.

THE BIG FOOTBALL GAME.

Coming Match Between Reserves and Militia Creates Interest.

In the multitude of sporting attractions offered the Portage Lake public in the wrestling matches, indoor baseball games and forthcoming hockey season, the great football game between the teams of the Naval Reserves of Hancock and the Light Infantry of Houghton has not by any means been lost sight of, and admirers of the strenuous sport will be out in force Sunday afternoon to see the battle between the "Navy" as represented by the reserves, and the "Army", the honor of which will be upheld by the husky eleven of Company G of the militia. The Naval Reserves are stronger on the gridiron than on the indoor baseball diamond, and their friends are predicting that they will come out victorious in the contest at the Hancock driving park. Manager Wealton has trained an eleven which has both beef and skill, but declines to give out a line-up for publication until after the soldiers have announced theirs.

PLAY NORMALS TOMORROW.

The Hancock high school football team goes to Marquette this afternoon to play the Marquette Normals tomorrow afternoon. The following will constitute the Hancock team: Center, Erickson; right guard, Primodig; left guard, Hendrickson; right tackle, Mett; left tackle, Johnson; right end, Campbell; left end, Rowell; right half, McGlynn; left half, Coughlin; fullback, Smith; quarter, Coon; subs, Kotila and Applebaum. Prof. Clafin will accompany the team as coach.

SERIES OF SEVERE AIR
BLASTS SHAKE HANCOCK

A series of young earthquakes caused by the familiar so-called "air blasts" have shaken Hancock during the past couple of days, and have caused some degree of alarm among nervous people. A blast of considerable severity occurred at about 8 o'clock last evening, shaking stores and buildings, rattling windows and jarring things generally. During the night two other quakes occurred, awakening residents from their slumbers.

Shortly after 10 o'clock this morning another blast occurred, which was the strongest of any that has yet taken place. It caused the earth to tremble violently and seemed to impart to buildings a rolling motion, lasting several seconds.

The past week has experienced several such tremblings of the earth, three very violent ones having taken place during Tuesday night, but beyond the shaking down of large masses of earth and rock in the mines, there has been no serious damage reported. Strangers in the city were inclined to be somewhat alarmed, as a result of the quakes and gained the impression that they had struck the earthquake belt, but were reassured when informed that such incidents are of frequent occurrence in the copper country.

CORBETT'S TEMPERANCE
WORK IN COPPER COUNTRY

Fred M. Corbett of Lansing has been working in a quiet way in the copper country for the two weeks past in the interest of the prohibition party. He has given gospel temperance addresses in a number of the churches, and has held a number of small meetings in the direct interest of the party. He also has interviewed a large number of men concerning the work.

Mr. Corbett will preach in Grace M. E. church, Houghton on Sunday morning and in the evening will speak on party work at the Norwegian Lutheran church on White street at seven o'clock, and in the North Star Temperance society rooms at 8:30. A number of other meetings will be arranged within the next two weeks.

It is hoped to secure an assistant for Mr. Corbett and hold a series of rallies and mass meetings about Thanksgiving time.

The county committee are co-operating in the work, and have employed John McLean to assist in the immediate matter of planning dates for meetings.

F. A. Swain, representing the L. C. Smith Typewriter company, is in the city on a business trip.

TAX EXEMPTIONS OF SAILORS
AND SOLDIERS ARE EXPLAINED

Extent to Which Veterans of the Civil War Benefit by Provision of the New State Tax Law—Must File Affidavit With Supervisors of Assessing Officer to Get Advantage.

Regarding exemptions from taxation of real estate owned by soldiers and sailors of the civil war or their widows, the following extract from Act 209 of the public acts of 1909, Mich., self-explanatory:

"The following real property shall be exempt from taxation:

"All real estate used as a homestead not exceeding in value \$1,200 of any soldier or sailor of the federal government who served three months or more during the civil war, and all real estate used as a homestead not exceeding the value of \$1,200 of any widow of such soldier or sailor, provided that any soldier or sailor, or the widow of any such soldier or sailor, desiring to accept the benefits named in this section as to the exemption from taxation, shall make and file with the supervisor or assessing officer an affidavit stating under oath that he was a soldier or sailor of the federal government during the civil war for a period of not less than three months, and in case it be a widow of a soldier or sailor making such application, said affidavit must state that she is the widow of a soldier or sailor of the federal government at the present time, who served not less than three months during the civil war. The said affidavit shall be sworn to before said supervisor, assessing officer or any officer authorized to administer oaths. . . . This exemption shall not operate to relieve from the payment of taxes any of the persons hereinbefore enumerated who are the owners of taxable property of greater value than twelve hundred dollars."

"To take advantage of the provision of the statute for the year 1909 the required affidavit should be made before the proper officer before the tax rolls are completed and confirmed by the board of review.

ENJOYED FINAL LECTURE.

The lecture on Robert Louis Stevenson given last evening at the high school by Prof. Troop was attended by a large audience and proved one of the most interesting of the six addresses or lectures given by Prof. Troop in the Chicago university extension course. The musical features of the entertainment were noteworthy, marking the first public appearance of the high school orchestra and the reorganized high school glee club. A delightful piano solo was also given by Mrs. W. H. Dodge.

Bald Heads
Not Wanted
Baldness is Too Generally
Considered a Sign of
Advanced Age

A bald-headed person does not have an equal chance with one blessed with a healthy head of hair, because baldness is too generally accepted as an indication of age. Many large corporations have established an age limit, and refuse to take men over thirty-five years of age as new employees. Almost 65 per cent of bald-headed people may regain a good head of healthy hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any head, unless the roots of the hair are entirely dead, their follicles closed, and the scalp has become glazed and shiny. We want people to try this remedy at our risk, with the distinct understanding that unless it does exactly what we claim it will and gives satisfaction in every respect we shall make no charge for the remedy used during the trial.

We know exactly what we are talking about, and with this offer back of our statements no one should scoff, doubt our word or hesitate to put our remedy to an actual test.

We want every one suffering from any scalp or hair trouble, dandruff, falling hair or baldness, to try our Rexall "93" Hair Tonic. We want them to use it regularly—say until three bottles have been used—and if it does not eradicate dandruff, cleanse and refresh the scalp, tighten the hair in its roots, and grow new hair, we will return every cent paid us for the remedy for the mere asking. There is no formality expected and we exact no obligation from the user whatever.

We are established right here where you live, and make this offer with a full understanding that our business success entirely depends upon the sort of treatment we accord our customers, and we would not dare make the above offer except that we are certain that we can substantiate it in every particular. Rexall "93" Hair Tonic comes in two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Calumet only at our store—The Rexall Store, Vaabinder & Read.

PORTAGE RIVER HARBOR OF
REFUGE UP TO PEOPLE

Geo. H. Banks Declares That Engineers Have Done All That is Possible to Secure Improvements to Portage Lake Waterways and That in Order to Secure Harbor, People Must Act.

If Hancock and Houghton people are to secure a harbor of refuge appropriation at the next session of congress, the residents of the two towns must begin action at once, call mass meetings, influence their congressmen and senators and do everything possible to put the matter into the lime light. This is according to a statement of George H. Banks, local engineer, when asked regarding the harbor of refuge problem. The engineers have done all that is possible, have shown the necessity and feasibility of the harbor and all that is now necessary is to bring the matter to the attention of congress.

The matter was talked over some time a year ago but nothing was done as it was known that congress was determined to keep down appropriations. Now, it is understood the body of senators and congressmen will be more liberal and Portage lake people should get busy.

If the harbor of refuge is built, about \$200,000 will be needed.

The advantage a harbor would be to Portage Lake is easily apparent. It would reduce the freight rate by water, make transportation safer and easier and bring additional boats through Portage lake.

The matter will probably be taken up in the near future by the business men's association of Hancock and Houghton and steps taken to have the matter brought forward in congress.

The request for an appropriation for a harbor of refuge for Ontonagon is sure to come up at the coming session of congress and chances are that the request will be granted. The shore of Lake Superior for ninety-three miles has no place of safety where boats may tie up during a storm and it is for the purpose of rectifying this wrong that harbors of refuge appropriations will be asked.

A DRAMATIC EVENT.

"Gentleman From Mississippi" a Success of Highest Order.

An audience that was representative of the Portage Lake theater-going public crowded the Kerredge theater last evening to see "The Gentleman from Mississippi," with Burr McIntosh in the leading role. The piece equalled its advance reputation as being one of the best and strongest comedy dramas written in recent years, and its interpretation by the admirable and well-picked company composed of Burr McIntosh, Will Deming and others was a most finished and artistic one. It was given a most appropriate and characteristic setting by Messrs. Brady and Grismer, and lacked nothing to make it one of the biggest successes in recent years. The play is a romance of social and political life in Washington, and there is a delicious southern atmosphere about the piece that gives an added pleasure. The untutored humor of the old southern senator and the breezy audacity of his Yankee secretary keep the audience in good spirits from start to finish.

There were a number of curtain calls, and to one of them Mr. McIntosh responded with a neat speech, which he gave while still maintaining the character of the senator. Mr. Deming shared with the star the honors of the evening, his impersonation of Dad Haines, reporter and secretary, being exceedingly clever.

HANCOCK BREVITIES.

W. A. Burr of Toronto, general traffic manager of the Western Express company, and S. A. Davis, of St. Paul, superintendent, paid an official visit to the local office of the company yesterday.

C. A. Grinnell of Detroit arrived yesterday on a visit to the local branch and he will remain for a week or so to take advantage of the opening of the deer hunting season.

The steamer Black Rock arrived yesterday at the dock of the People's Fuel company.

Edward Melthar, who was accidentally shot at Jacobsville Wednesday afternoon, came to St. Joseph's hospital yesterday for treatment. He is suffering from a gunshot wound under the arm, and while the injury is serious, there is little prospect of it proving dangerous.

A number of members of the local Holly Rebekah lodge will go to Lake Linden this evening as the guests of Ivy lodge at that place.

Jacob Jarva of the Quincy, who was brought to St. Joseph's hospital yesterday afternoon, suffering from injuries received as the result of a fall of rock in the mine, is in a very serious condition. He is a married man and has a wife and three children at the Quincy.

Birthe reported this morning to the city clerk are a boy to Mr. and Mrs. King of Reservation street and a daughter to Mr. and Mrs. Ralph Martin of Ryan street.

Arthur Secor, formerly of this city, and who for the past year has been located at St. Paul, has returned to Hancock and will open a plumbing shop in this city.

The Farmers' Educational and Co-operation Union of Tennessee, in annual convention at Jackson recently, unanimously passed a resolution instructing officers of the state union to use the union label on all printed matter.

Statistics given out by the bureau of immigration of the Department of Commerce and Labor, report the number of emigrants who arrived in the United States during the fiscal year ended June 30 at 751,184.

TORCH LAKE NEWS

PRESENTATION IS MADE
BY HUBBELL C. E. SOCIETY

At a special meeting of the Young People's Christian Endeavor society of the Congregational church of Hubbell held last evening, the president of the society, Arthur Puc, was agreeably surprised by being presented with a beautiful watch fob, it being a gold emblem of the Independent Order of Odd Fellows. He was so taken by surprise, that he could hardly find words of thanks to reply to the presentation speech, but his actions showed that the gift was appreciated by him.

Mr. Puc has been one of the hardest workers of the Y. P. S. C. E. of the church and through his instrumentality the society has been kept together and a good work accomplished. It was decided at the above meeting that the society would hold a concert at which time a good literary and dramatic program would be rendered this month. The members of the committee are working on the program and it promises to be one of the best ever given under the auspices of this organization.

LAKE LINDEN FIREMEN
HAVE INDOOR BALL TERM

At the meeting of the Lake Linden firemen held this week it was decided to organize an indoor baseball team. The department has some old time outdoor baseball players and there is every reason to think that the team will be a strong one. While the fire department is not considered a fraternal organization the members of the team would like to join the contemplated fraternal indoor baseball league.

The lineup as given out this morning by one of the members of the department is as follows:
Catcher, Oliver Baril.
Pitcher, Tom Goldsworthy.
First base, Charlie Werner.
Second base, George Werner.
Third base, John Herman.
Short stops, Steve James and Carl Vivian.

\$25
U.S.
Army
Rifle
\$2.98

THE "Beaumont" U. S. Army Rifle which cost the government \$25.00 each. A magazine rifle which will fire Shot or Ball, can be used for one as well as the other. The rifle that was used by our own Militia until recently.

A splendid gun for target practice or for real hunting. Every piece is in perfect condition and as good as the day the government bought them,

The deer season is almost here, and for deer hunting this gun cannot be surpassed for five times the price.

On Sale Saturday Morning \$2.98

The Glass Block Store Co.
